

Due to steadily increasing production costs in conjunction with extremely limited customer requirements, we wish to hereby declare immediate phase-out and end-of-life for the Bias Tees 78210557 & 78210578.

If you have been considering deploying these products then we kindly ask you to change your design in favour of the Smart Bias Tees (78211053...66), which have established themselves as standard for similar deployments.

Details of the electrical and mechanical specifications are available in the individual technical data sheets of each Smart Bias Tee.
